

AI-POWERED SKILL GAP ANALYSIS REPORT

Candidate: Arjun Sharma

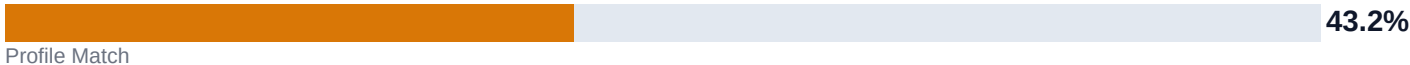

Target Role: Data Scientist

Date: 07 May 2026, 06:12 AM

JDs Analysed: 7

Executive Summary

Your profile shows a developing match (43.2%) for Data Scientist roles. You matched 16 of the required skills. Analysis of 7 live job descriptions revealed 46 skill gaps — 0 critical, 12 moderate, and 34 minor. A structured learning plan over the recommended timeline will bridge the gap effectively. Estimated time to close all gaps: 34 weeks (~15 hrs/week).
